Hudson River Cruises

Journey back to a special time and place, to the land Washington Irving described as where the "lordly Hudson" meets the noble heights of the Catskill Mountains. Enjoy the beauty that beguiled settlers into falling in love with the Hudson River Valley and to bravely defend their precious new home.

For over twenty years, Hudson River Cruises has provided passengers the ability to view first hand shoreline that has remained virtually unchanged since the seventeenth century. Enjoy a delicious lunch and refreshing beverage as you relax on the cool, shaded deck. Your experienced guide will point out millionaires' sumptuous estates, picturesque lighthouses and quaint sleepy villages surrounded by the natural beauty of vineyards, orchards and scenic preservation sites.

It's time for you to discover the Nationally Designated Heritage River, the Hudson, aboard the "Rip Van Winkle".
