

Windham Mountain is located in the Catskill Mountains of New York State.

This resort is better by design, from the spacious base lodge to the 39 trails and 1600 vertical feet. Windham appeals to skiers of all levels, from the specialty services to the new high-speed quad chairlift.

World-class snowmaking covers 97 percent of the trails, even if it doesn't snow.

Windham Mountain has a fun-filled Children's Learning Center for young skiers and non-skiers alike. Windham boasts a ski school that is ranked among the best in the country.

Service is Windham's middle name. Valet parking; one-stop outlets for lift tickets, lessons and rentals; a full service ski shop; choice of five dining facilities; and a cozy lounge overlooking Windham's slopes are just a few of the services available.

Windham takes special pride in offering skiers and guests a wide variety of amenities allowing for a relaxing and enjoyable time on the slopes or in the lodge

Snow Tubing

How's this for a mid-afternoon moment? You're rocketing down a 650-foot snow-covered slope, lying flat on your back in a canvas-covered tube. And the only thing louder than your shrieks of delight are the screams of pure joy coming from your kids in the next lane.

It's called Snow Tubing, Windham style, and it's just one more way we try to make your day on the mountain an unforgettable adventure. And give Mom the opportunity to push Dad down a mountain.

Located at our Mountain Top Adventure Park, the tubing hill is 14 lanes of downhill fun. Best of all, no skill is required. Just as long as you're tall enough to get in and out of the tube, you can ride. We can even provide a tiny tube for toddlers, so parents can pull their little ones around on the snow.

- 14 lanes and three lifts to speed you up the hill
- Ride solo or tie up to six tubes together for a group run
- Equipped with snowmaking and grooming, for the best tubing possible
- Parking & ticketing is available at the tubing park
